Primary PE and Sport Premium Spending Allocation 2020/2021

2020/21 predicted						
costs						
Total Fund allocated	£17 000 + £1707= £18 707					
Activity	Provider	Rationale	Termly Cost	Total Cost	Impact	Ofsted Criteria
MEAPA Gym	MEAPA Gym	Meapa Gym provides the pupils at Ifield an opportunity to learn basic gymnastics and movement in an appropriate environment, with professionally trained staff. They learn and develop gymnastic skills at an appropriate and differentiated pace to meet their needs. This enables them to access their local community and provides a link into community activities.	£1 023	£6 136		The curriculum extends beyond academic, technical and vocational opportunities. It provides learners with broader development, enabling them to discover and enhance their interests and talents. The provider has the same academic, technical or vocational ambitions for almost all learners. Where this is not practical – for example, for some learners with high levels of SEND – the curriculum is designed to be ambitious and meet their needs.
Specialist Tricycles		Cycling can support those with SEN to lead healthier lives, become more mobile and independent and take part in social activities in and outside of school. It can help improve balance, gross and fine motor skills as well as developing concentration.	Approx £255 each	Approx £1020		The curriculum extends beyond academic, technical and vocational opportunities. It provides learners with broader development, enabling them to discover and enhance their interests and talents. The curriculum and the provider's wider work support learners to develop their character – including their resilience, confidence and independence – and help them know how to keep physically and mentally healthy.

PESS Course	Take Pride	In line with afPE guidance on safe practice 2016, this qualification aims to up skill qualified teachers and TA's with recognised qualifications to be able to teach and or lead overall delivery of the PE curriculum. This has been very successful over the past years and we would like to continue this development of staff.	£3300		 Teachers create an environment that allows the learner to focus on learning. The curriculum extends beyond academic, technical and vocational opportunities. It provides learners with broader development, enabling them to discover and enhance their interests and talents. The curriculum and the provider's wider work support learners to develop their character – including their resilience, confidence and independence – and help them know how to keep physically and mentally healthy. At each stage of education, the provider prepares learners for future success in their next steps
Boccia Training	Valence School	Staff having completed the PESS course will be able to broaden their subject base by also learning to teach Boccia and run small competitions where all abilities are able to compete.	£500		The curriculum extends beyond academic, technical and vocational opportunities. It provides learners with broader development, enabling them to discover and enhance their interests and talents. The curriculum and the provider's wider work support learners to develop their character – including their resilience, confidence and independence – and help them know how to keep physically and mentally healthy.
Archery	Kent Archery Assoc	With two instructors pupils will be able to experience Archery before they reach secondary age.	 £280	One for the class teachers took part in the Archery	Leaders have a clear and ambitious vision for providing high-quality, inclusive education and training to all. This is realised through strong, shared values, policies and practice.

				course and now leads Archery for PE Enrichment. There are now 2 PE Teachers able to lead this activity.	The provider has the same academic, technical or vocational ambitions for almost all learners. Where this is not practical – for example, for some learners with high levels of SEND – the curriculum is designed to be ambitious and meet their needs
Charlton Athletic Weekly Coaching	Charlton Athletic FC	Charlton Athletic offer a whole school impact providing high quality training for staff development, intra competition, health and wellbeing opportunities, leadership and links to the community. Ifield has employed a coach for one day a week who provides the above as well as CPD updates and skill development for staff.	£3750		 Teachers have good knowledge of the subject(s) and courses they teach. Leaders provide effective support for those teaching outside their main areas of expertise. Teachers create an environment that allows the learner to focus on learning. The curriculum extends beyond academic, technical and vocational opportunities. It provides learners with broader development, enabling them to discover and enhance their interests and talents. The curriculum and the provider's wider work support learners to develop their character – including their resilience, confidence and independence – and help them know how to keep physically and mentally healthy.
Rebound Therapy	Valence School	Rebound is exercise therapy which uses trampolines to provide opportunities for movement, therapeutic exercise and recreation for people across the	£420		Teachers create an environment that allows the learner to focus on learning. The curriculum extends beyond academic, technical and vocational opportunities. It provides learners with broader development,

		whole spectrum of special needs.		enabling them to discover and enhance their interests and talents. The curriculum and the provider's wider work support learners to develop their character – including their resilience, confidence and independence – and help them know how to keep physically and mentally healthy. At each stage of education, the provider prepares learners for future success in their next steps.
Bikeability	Take Pride	Bikeability will enable more staff at Ifield to lead cycling as an activity which means more classes will have access to it outside of PE Enrichment. Due to safety cycling is required to be led by a qualified member of staff.	£450	The curriculum extends beyond academic, technical and vocational opportunities. It provides learners with broader development, enabling them to discover and enhance their interests and talents. The curriculum and the provider's wider work support learners to develop their character – including their resilience, confidence and independence – and help them know how to keep physically and mentally healthy.
Total			£17 246	£1461 will be spent on additional training or specialised equipment as the need arises.
