

This is a list of short training videos that have been produced by the STLS Teams in different districts. They are available to schools/settings in any areas. If you click on the link in the final column it will take you to the relevant website where you will be able to access the videos/presentations. As new training becomes available, we will update the list and re-issue where required. There may also be additional training packages (chargeable) which is accessible from other districts.
