### General Information

Welcome back to Term 4, Swan Class!  
It was another busy term last term, but our students particularly enjoyed their visit to the Gurdwara. They represented our class brilliantly by demonstrating the Ifield family values. This term we will continue to work hard to develop our academic, life and employability skills, through our topic down in the jungle.

### Homework and Contact

Thank you for using the Home/School Journals. The comments we receive are really helpful and highlight how a pupil may require extra support during the day. Please do let us know if you have any concerns.  
Please read/ share a book with your child every night.  
Please ensure that your child has the appropriate named clothing for activities we are carrying out, such as: PE kit/Swimming kit and jumpers. Thankyou

## English

This term students will be focusing on the features of adverts, emails, descriptions and invites.

Students will be working on developing their functional skills, demonstrating being able to complete tasks that link to possible scenarios in every day life.

Students will be developing their skills of understanding singular and plural, alphabetical order, compound sentences and subordination (when, because, if).

Students will continue to take part in guided reading sessions where they will have the opportunity to discuss texts and develop their comprehension skills.

## Physical Education:

This term, students will be taking part in invasion games such as football, basketball and hockey. These activities help develop teamwork, communication and decision-making skills, while also improving fitness, coordination and confidence. The children will learn simple attacking and defending strategies through fun, engaging and active games.

## Maths:

This term students will be focusing on listening to the vocabulary and determining the operation required. Students will also read and draw simple charts and diagrams. They will continue to develop their number skills, learn their 2 times table and the related division facts. Students will continue to apply these skills through word problems linked to the area of learning.

## Food Technology:

In Food Technology students will be making a range of dishes that will support them to develop the following skills:

- The use of a sieve and where it would be kept.
- Identify a tool that would produce their desired effect.
- Identify the cooker and the hob.

## Digital Skills:

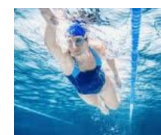

This term the focus will be 'creating and editing'. Students will be able to identify what a spreadsheet is and why you might create one. Students will also be researching animals and plants from the jungle, presenting it using PowerPoint and editing it to improve their work. Internet safety will also continue to be discussed.

## Employability:

This term the students will learn job seeking skills. They will also participate in Careers Week during the week commencing 23rd March. They will be immersed in different discussions and activities linked to potential careers.

## Sports Enrichment

PE Enrichment will be every Thursday afternoon. This term students will be participating in: swimming, parks, football or street dance.

## Term 4:

## Down in the Jungle

## Personal and Social Development:

This term students will be discussing different sexualities and thinking about readiness for sex. They will also learn about contraception and STIs.
