

Jack and the Beanstalk

Board Game

Counters

Instructions:

You will need:

- Jack and the beanstalk board.
- One Jack or giant counter per person.

Set up:

- The game is for 2 to 4 players.
- Cut out the dice and glue the tabs.
- Cut out the counters above. Each player requires one counter.

How to play:

- Place the counters at the start by the giant's castle. The first player rolls the dice and moves their counter down the beanstalk as many spaces as shown on the dice.
- If the player lands on either a golden egg, a harp, some magic beans or a hen then move the counter forward an extra space.
- If the player lands on a cloud the player must miss a turn.
- Take turns to roll the dice and move your counter. The game ends when a player reaches Jack's house. Who will get there first - Jack or the giant?
