

Match that Sound Busy Bag

Activity Guide

You will need:

- 2 small sets of identical percussion instruments or noisemakers
- [Noisemaker Picture Cards](#)
- Blindfold

The Activity

- Introduce the instruments to your child. Have fun together exploring the sounds and noises that can be made.
- Once the sounds have become familiar, show the child how to divide the identical instruments into two sets. One for you and one for them.
- Tell them that they are going to play a sound matching game. Ask them to guess which instrument is being played, just by listening to it.
- Put the blindfold on your child and choose an instrument to play.
- Ask your child to select which instrument they think made that sound.
- Play together to check and compare.
