

Cone Angel

Christmas Tree Decoration

You will need:

- A4 card
- Angel template
- Scissors
- Pencil
- Felt tips
- Gold/silver paper or paint
- Glue
- Stapler
- Doilies (pre-cut into eighths)

Instructions

1. Cut out the angel template.
2. Trace around the outside of the angel template on to the A4 card.
3. Fold the arms of the angel upwards so that you can trace the lines that separate the arms and the body.
4. Cut out the cone angel (don't forget to cut down the line that separates the arms and the body).
5. Draw a face, neck and hair for your angel and colour them in using felt tips.
6. Add detailing to the tunic with gold or silver paper or paint. The design is in your hands, be as creative as you like!
7. Staple the two ends of the angel's tunic together to make a cone shape. This can be fiddly; you might need to ask an adult for help.
8. On each side, use glue to stick two pieces of overlapping doily to the back of the angel.
9. Place your angel on top of the Christmas tree or display it in another special place to spread festive cheer.
