

## **Heron Home Learning**

Hello everyone, we hope you are all staying safe and well. I would like to introduce myself. I am Amanda Howard and I am the new teacher in Heron Class. We have put together some activities that you may wish to participate in with your children whilst at home. These include fine and gross motor skills activities (where applicable) and a range of things to make and play with, including sensory bottles, playdough and slime. We have also included a link to enjoy Julia Donaldson animations and a link to create a couple sensory stories to share at home (please see below). Many of the activities can be resourced from your cupboards at home and your child may need varying amounts of time to complete them and they will definitely have their favourites and it is OK to revisit them over the coming weeks.

If you require anything further or support in delivery or resourcing, please do not hesitate to contact me (01474 365485 or email [office@ifield.kent.sch.uk](mailto:office@ifield.kent.sch.uk)).
