

Number Line Addition

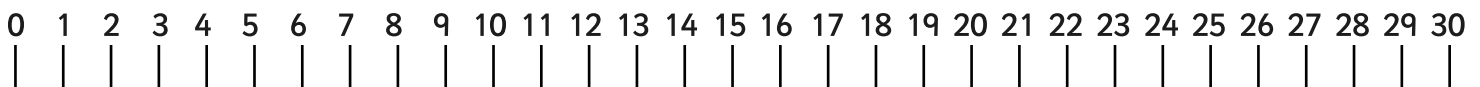

Roll one dice and write it in the box to complete the number sentence.
Use the number line to count on and solve the calculation.

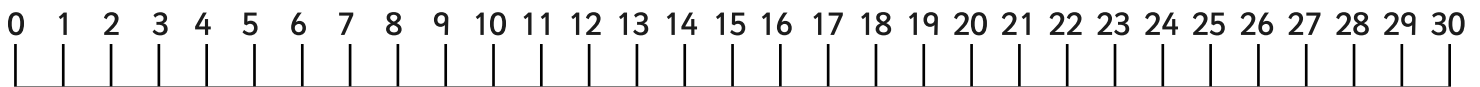

$$15 + \boxed{} = \boxed{}$$

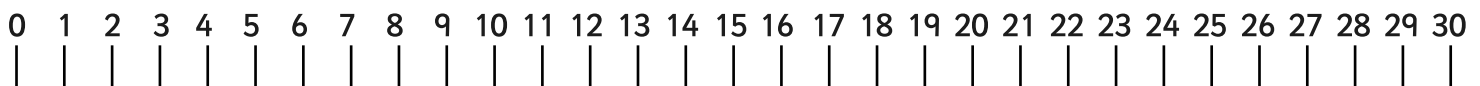

$$18 + \boxed{} = \boxed{}$$

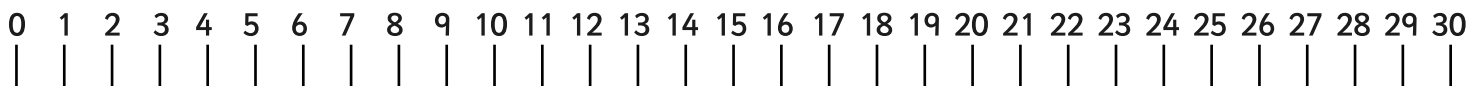

$$\boxed{} + 14 = \boxed{}$$

$$\boxed{} + 19 = \boxed{}$$

$$22 + \boxed{} = \boxed{}$$

And now for a challenge...

$$\boxed{} + \boxed{} = 24$$
