Cardboard Tube Rocket

You will need:

Long cardboard tube

Silver foil

Tissue paper

Brightly coloured card

Brightly coloured paint

PVA glue

Scissors

Sticky tape

Instructions

- 1. First paint the cardboard tube in a bright colour, then leave to dry.
- 2. For the top of the rocket, choose a different coloured card. Then draw around a small circular object, such as a cup, onto this.
- 3. Cut out the circle. Then also cut out a line going from the outside to the centre of the circle, stopping once you reach the middle.
- 4. Roll the circle into a cone shape, then secure using sticky tape.
- 5. Stick two pieces of tape on the inside of the cone. Then stick the cone onto the top of the cardboard tube.
- 6. Now make some windows for the rocket using silver foil. To do this, draw around a small circular object onto the foil three times.
- 7. Next cut out the circles in silver foil and stick then onto the rocket using PVA glue.
- 8. For the flame, take some pieces of tissue paper and place them onto of each other in layers.

- 9. Pick up the layers of tissue paper and cut the strips vertically into them, ensuring the cuts do not go right to the top.
- 10. Finally, gather the sheets of tissue paper at the top, then secure and strengthen this by sticking tape around it.
- 11. Using sticky tape to attach the flame to the bottom of the rocket.
