Number
Sentence

A visual subtraction problem. On the left, there are 11 grey alien characters with orange eyes and antennae, arranged in four rows: the first three rows have 3 characters each, and the fourth row has 2 characters. To the right of these is a minus sign, followed by 3 identical alien characters. To the right of these is an equals sign, followed by a large number 8.

$$11 - 3 = 8$$

$$11 - 3 = 8$$
