

Sources of Light.

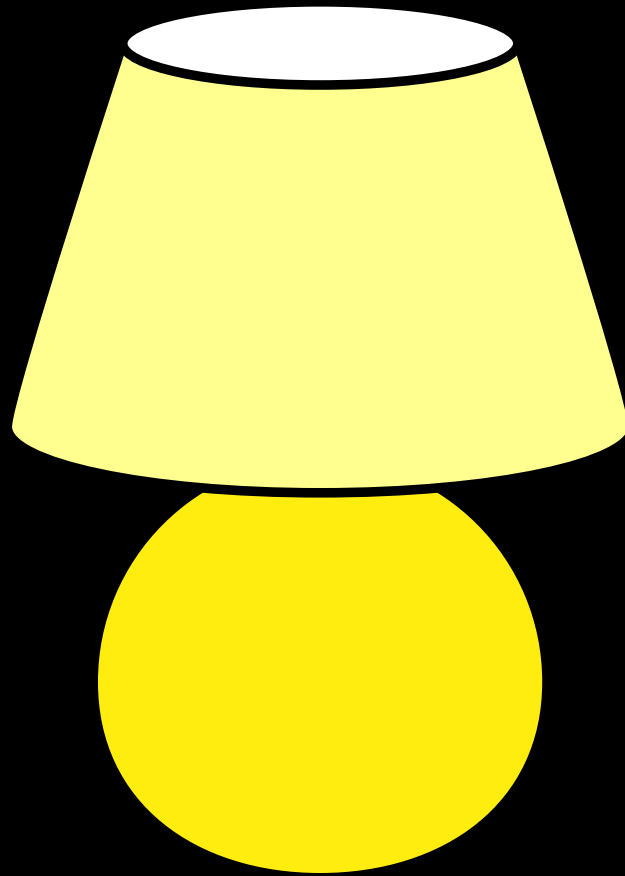

Well done.
Fire is a source of light.

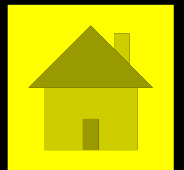

Oops!! A window lets light in but
is not a source of light!

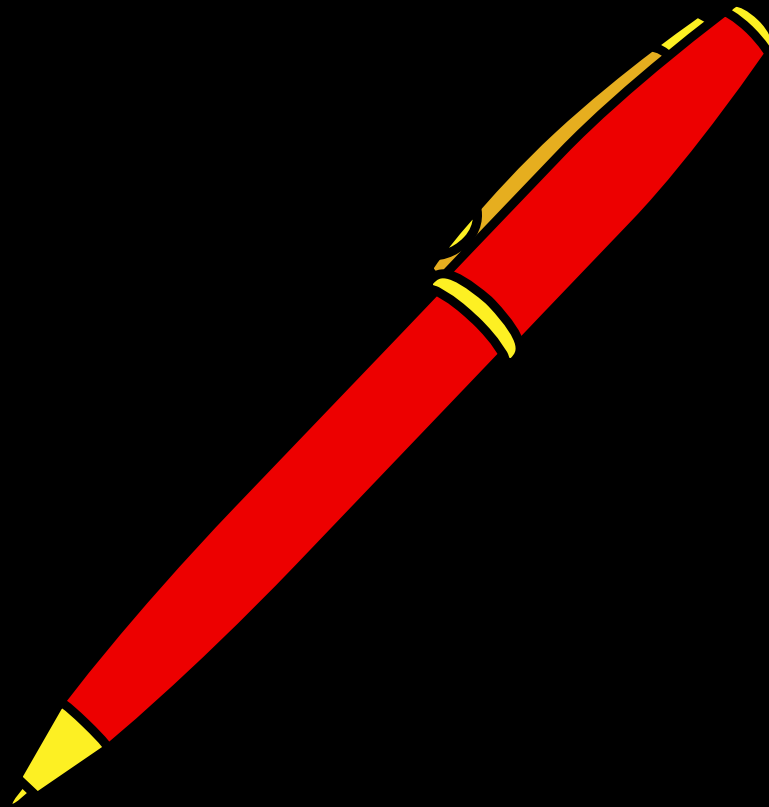

Well done.
A light bulb is a source of
light.

Oops!! A mirror reflects light
but is not a source of light!

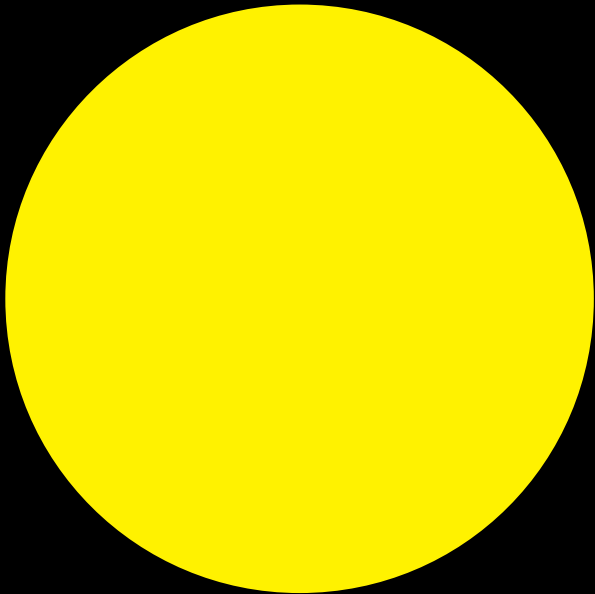

Oops!! A pen is not a source of light!

Oops!! The moon reflects light
like a big mirror but is not a
source of light!

Well done.
The sun is a source of light.

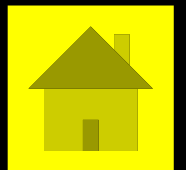

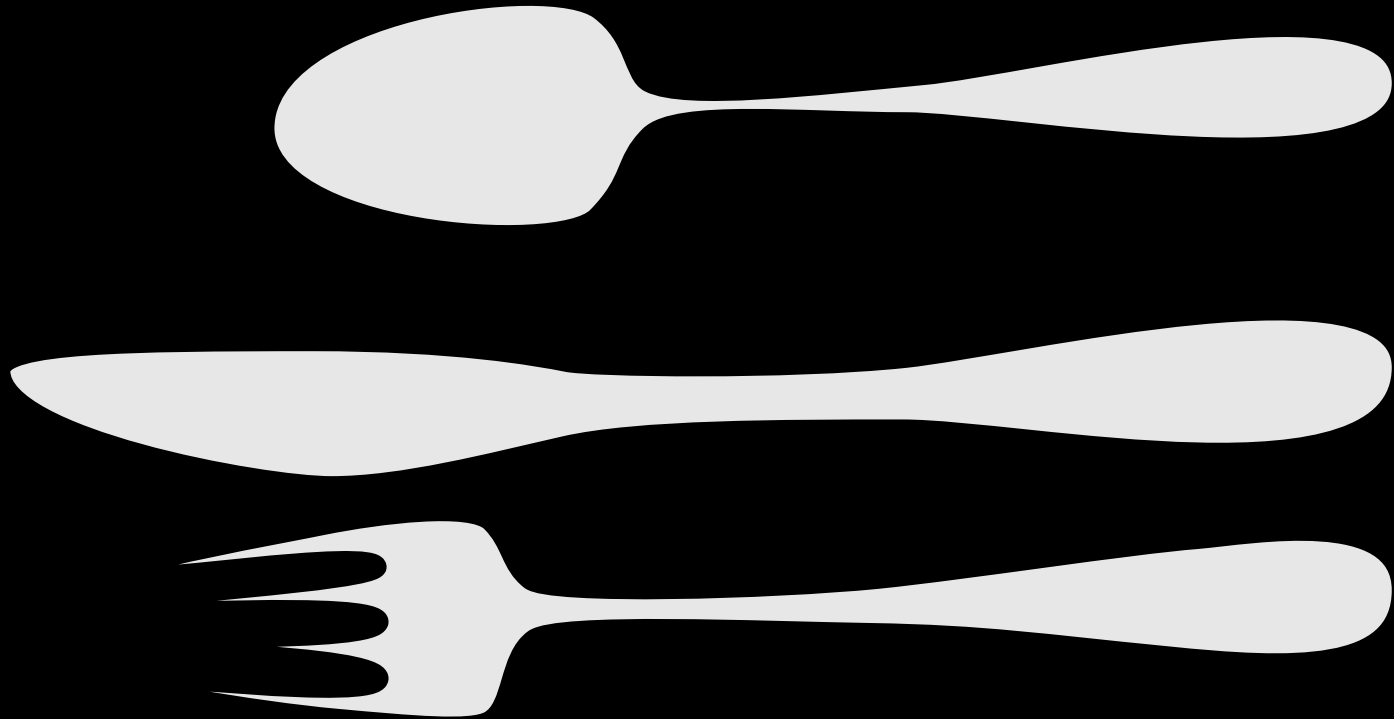

Well done.
Lightning is a source of light.

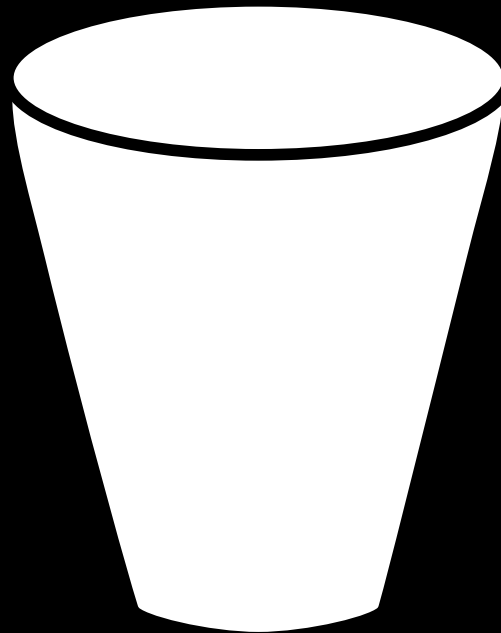

Well done.
A candle is a source of light.

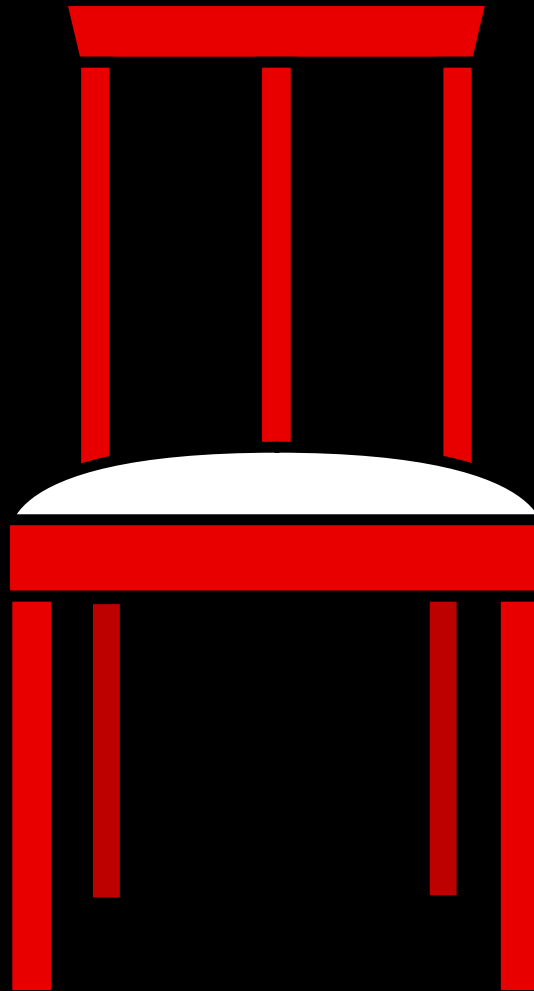

**Oops!! Cutlery is shiny but is
not a source of light!**

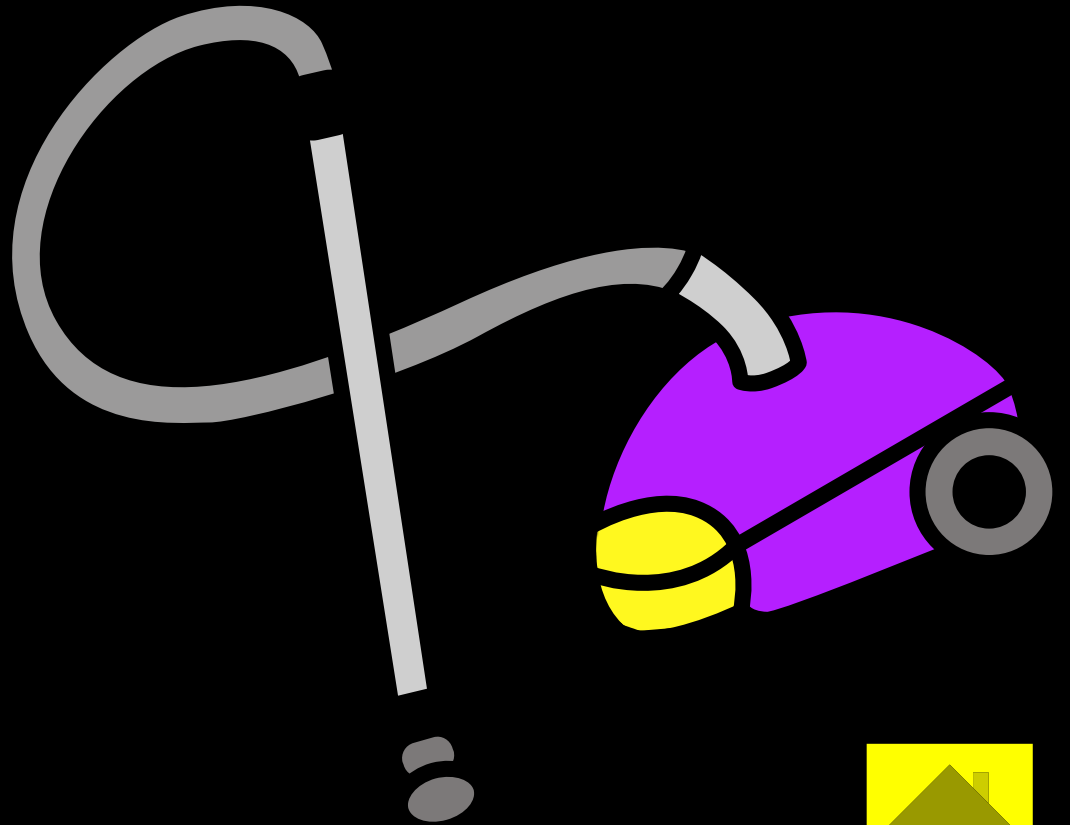

Oops!! A glass is not a source
of light!

Oops!! A chair is not a source
of light!

Oops!! A Hoover is not a source
of light!

Well done.
Tree lights are a source of
light.
