

LEGO® GROUP INTERVENTIONS

Social skills interventions following a Lego therapy model

Date: Tuesday 20th September 2022

Time: 09:30am – 12:30pm

This half day training course provides:

- An outline of the history and theory behind Lego Therapy
- An understanding of how Lego Therapy can be adapted for use as a small group intervention in schools
- Practical experience of using Lego as a resource to teach and practise a variety of social interaction and communication skills
- An understanding of which students will be most likely to benefit from Lego group interventions
- Suggested resources for measuring the impact of Lego group interventions

By the end of the morning, participants should have all the required information to enable them to run Lego Group Interventions in their own schools.

Target Audience

Teachers, SENCOs, Teaching Assistants and HLTAs in Key Stages 1, 2 and 3; especially those working with students who have language and communication difficulties such as Autism.

Presented by:

Helen Cottage
